Edwin Wortham, V, M.D.
Virginia Pediatric Ophthalmology Specialists
8700 Stony Point Parkway, Suite 210
Richmond, VA 23235
ewortham@hotmail.com

Description: Bigger is not always better, and this is a unique opportunity for a fellowship trained board certified or “eligible” pediatric ophthalmologist to join a busy solo private practice in the Richmond/Fredericksburg/Williamsburg area. The office operates in an all-electronic format including EHR.

A practice of this nature allows for a more intimate focus with quality of care as the primary goal in lieu of high volume and quantity. This allows for a high level of flexibility with regard to scheduling one’s time, a sort of “design your own destiny” lifestyle within the private practice, yet educational and academic teaching affiliations at area medical centers.

A guaranteed base is offered with incentives. There is also a buy-in potential both in the practice and the onsite affiliated ASC – Stony Point Surgery Center.
